GIRL IS TERRIBLY BURNED

ACCIDENT MAY PROVE FATAL
 VICTIM IS NOW IN HOSPITAL

SERVANT ATTEMPTING TO FILL TANK OF LIGHTED GASOLINE STOVE SOON ENVELOPED IN FLAMES.

Attempting to fill the tank of a lighted gasoline stove with the result that spilling fluid ignited from the lighted stove and the flames spread to her clothing, Miss Lela Campbell, employed as a servant with W. C. Perry and family on Palm Street, received what may prove to be fatal burns about the body and limbs this morning.

The suffering girl was hurried to the Klock hospital soon after the accident and is being given the best care that can be furnished in the hope that her life may be saved. The girl's mother has been caused here from her home in Quincy, Fla.

The flames spreading from the burning stove scattered over the floor and stove and soon spread to the woodwork in the interior of the kitchen and the room was soon a mass of flames. The presence of mad of a neighbor, who put the fire out with a fire extinguisher, saved the home from destruction by the flames.

The serious burning occurred about 7 o'clock this morning, while Mrs. Perry and Miss Campbell were in the kitchen together, just starting preparations for the morning meal. Mrs. Perry asked the girl, who is but 17 years of age, to fill the stove, and the girl, taking a pitcher filled with gasoline, stepped up on a chair and began pouring the fluid into the tank without taking the precaution to turn off the lights.

A moment later Mrs. Perry heard the girl scream and turned to see her wrapped in flames. The girl jumped down from the chair and started to run through the dining room toward the front part of the house. Mrs. Perry, who was in the kitchen, saw her and rushed to her aid, wrapping her about the screaming and suffering girl. The girl managed to break away from Mrs. Perry and ran to the front porch, where she was again wrapped in flames. Mrs. Perry again rushed to her aid, but she was unable to reach her, and she lay on the floor of the porch.

Mrs. Perry's cries for help attracted the attention of Rev. D. H. Rutter, who lives next door, and C. C. Barnes, a neighbor on the street, and the two men hurried to the assistance of Mrs. Perry. By this time the interior of the kitchen had become a mass of flames, and Mrs. Perry left the suffering girl in the hands of the two men, who succeeded in extinguishing the flames with the fire extinguisher. She is terribly burned about the lower part of her body, and on her hands and arms.

CARNIVAL OF THE ELKS NEXT MONTH

AFFAIR TO BE GALA OCCASION AND LONG TO BE REMEMBERED

COMMITTEE IN CHARGE OF ARRANGEMENTS PROPOSES TO GIVE THE PEOPLE GOOD ENTERTAINMENT.

The committee on arrangements for the big Elks carnival February 12, 13 and 14, is preparing a program which will make this event one of the most interesting and longest to be remembered ever pulled off in the city of Daytona. The primary object of the Elks and the committee in charge of the arrangements is to make the carnival an occasion for entertainment and amusement for the local and winter residents of the city and the fun will be continued for three days and evenings.

The carnival will be held in the New Daytona theater and the Elks building across the street and the street between the two buildings will also be used as space for the location of booths and attractions. A varied program of amusements and entertainments is being planned and the event will be a gala occasion in the history of the city of Daytona.

One of the features of the entertainment at the carnival will be a mock court the afternoon and evening of the final day of the carnival and the climax of the three days' celebration will be the giving away of the automobile, the LeSene kodak and the Elks baby.

It is planned to have all the residences and business places of members of the order and the debate on the three days, as well as all other business places and residences, the owners of which can be induced to enter into the spirit of the occasion to this extent.

The full program is now being prepared and will be ready to be given to the public in a short time.

TO STARVE THE STRIKERS IS THE PLAN

ALL ATTEMPTS TO ARBITRATE HAVE FAILED AT LAWRENCE

STATE POLICE FIND STRIKERS HAD NOTHING TO DO WITH THE RECENT PLANS FOR USING DYNAMITE.

LAWRENCE, Mass., Jan. 26.—Capt. Proctor of the state police today completely exonerated the striking textile workers from having anything to do with the recent dynamite plots in this vicinity.

His evidence shows positively that the dynamite threats were a "plant" to discredit the strikers.

As a result of the receipt of numerous "blackhand" letters President Wood of the American Woolen mills has closed his palatial Boston residence and has sent his family away.

The mill owners today absolutely refused to deal with the strikers. All attempts at arbitration have failed and the mill men are now planning to close the mills and starve the strikers out.

TARIFF BATTLE HAS BEGUN

DEBATE OPENS IN THE HOUSE

PENNSYLVANIA DEMOCRAT IS THE FIRST MAN TO SPEAK IN FAVOR OF REDUCTION OF TARIFF ON STEEL.

WASHINGTON, Jan. 26.—The tariff battle in the house began today. Representative Palmer of Pennsylvania opened the debate on steel revision by advocating a reduction in the steel and iron schedules. He made a strong speech, declaring the consumers and employers in the steel and iron industry have not shared in the general prosperity of the steel magnates.

AEROPLANE FLIGHTS ARE SUCCESSFUL

EXHIBITIONS GIVEN ON BEACH YESTERDAY AND THIS MORNING

AVIATOR BURGESS TESTS OUT HIS MACHINE AND CARRIES FIRST PASSENGER NEARLY TO ORMOND.

With five successful flights by W. Starling Burgess, the noted aviator and inventor, from the beach yesterday and three successful flights this morning, the daily aeroplanes flights as attractions at the Hotel Clarendon have been started and will be continued for the next two months. Flights will be given every day, weather and winds permitting.

Mr. Burgess himself made flights yesterday and this morning, and the aviator is much impressed with Daytona beach as an ideal place for aviation exhibitions and experiments.

The hard, smooth sand makes the best kind of a place for starting and landing and the aviator anticipates little trouble in carrying out the program of flights every day.

The longest flight made by Mr. Burgess Thursday was from the Hotel Clarendon to Ormond and back and Andrew V. Brown, of Philadelphia, was the first passenger carried. Mr. Brown was taken almost to Ormond and back. Three shorter flights were given following the flight to Ormond Thursday afternoon. Mr. Burgess taking these flights to make sure the machine was in good working order after having been shipped here and assembled.

Three short flights were given by Mr. Burgess this morning as entertainment for the members of congress who were special breakfast guests at the Clarendon at 7 o'clock. All flights were successful. Aviator Page, who will handle the aeroplanes in the flights to be made here during the remainder of the winter, will arrive here today and will be ready to make the flights tomorrow.

E. H. Gray, of Ormond, has signed as a student to study the science of aviation during the stay of Mr. Burgess and Mr. Page here.

MURDERER PAYS PENALTY FOR CRIME

SILAS PHELPS ELECTROCUTED SHORT TIME AFTER MIDNIGHT

MAN WHO KILLED DEPUTY SHERIFF HASKINS IS PRO- NOUNCED DEAD EIGHT MINUTES AFTER SWITCH IS OPEN.

BOSTON, Jan. 26.—Silas Phelps, convicted of murder in the first degree for the killing of Deputy Sheriff Haskins, was electrocuted shortly after midnight in the Charlestown prison. He was pronounced dead eight minutes after the current had been turned on.

The crime for which Phelps was executed was committed June 12, 1910, when he shot and killed Deputy Sheriff Edward J. Haskins, who called at his home in Monroe Bridge, Mass., to place him under arrest on the charge of stabbing William Penman, of Reedsboro, Vt.

Monroe Bridge is situated in the northwestern part of Massachusetts near the Vermont border line. Phelps was employed in a mill in Reedsboro, Vt., and in an altercation with Penman he stabbed the latter with a penknife. Phelps returned to his home in Monroe Bridge before the Vermont authorities could swear out a warrant for his arrest. Word was sent to Deputy Sheriff Haskins, of Charlestown, Mass., who immediately gathered a posse of half a dozen men and rode to Phelps' house to place him under arrest.

When the party arrived at the fugitive's home, they found all the doors and windows of the place barred, and upon demanding admittance, were advised by Mrs. Phelps, through the closed door, to go away as her husband intended to shoot the first man who entered.

The deputy sheriff and his men then broke down the door and as they stepped into the hall were met by a double charge from Phelps' shot gun. The sheriff fell mortally wounded.

The posse bent a hasty retreat, leaving their leader to die in the hall. Reinforcements were sent for and the house was surrounded, but in some way Phelps managed to evade his watchers and escape to the woods. He was hunted for two days and was finally forced, by hunger to surrender.

NEW TOWN AT HARWOOD VERY SOON

TRACT NOW BEING PLATTED FOR DIVISION INTO FARMS

DEPOT OF THE FLORIDA EAST COAST RAILROAD IS TO BE MOVED MILE SOUTH OF ITS PRESENT LOCATION.

The big Harwood tract of land, recently purchased by the American Land company, will soon be ready to place on the market in the shape of small tracts, ranging from 25,000 to 50,000 acres. The tract, which includes 13,500 acres of splendid hammock land is a splendid location for a townsite and it is the intention of the company to make it one of the prettiest and most attractive places along the great East Coast.

Surveyors have been at work on the tract for the past several weeks, and the map of the plat will be ready by the first of next week. The tract, which includes 13,500 acres of splendid hammock land is a splendid location for a townsite and it is the intention of the company to make it one of the prettiest and most attractive places along the great East Coast.

The new town will be called Harwood, but the Florida East Coast railroad station will be moved about a mile south of its present location and the new town will be built up around the railroad station. In the plat of the town the company has reserved a tract of several acres to be turned into a public square, the business lots surrounding the square on all four sides. Three whole squares have been reserved to be used as locations for a postoffice, town hall, fire department and public library, and a strip of land 300 feet wide along the side of the railroad track, both north and south of the depot, has been reserved by the company. This land will be cultivated and kept under cultivation to prevent undesirable and unattractive buildings being erected beside the track to give an unfavorable impression to passengers on trains.

The lots within the town limits range in size from the business lots to the larger residence lots, the most of which are one acre in size, and the town is surrounded with small farm tracts of five acres. The land is admirably located with the railroad running through the tract and the Tomoka river and basin lying along the east side.

W. A. Fridmore, president of the company, arrived here recently to superintend the work of platting the land and preparing the maps before the land is placed on sale. The company is composed almost entirely of Chicago men, and has had previous experience in handling Florida land for settlement. Previous operations have been carried on at Monticello, in Jefferson county, where a large tract was purchased and disposed of in small land tracts. Other officers of the company are Herbert Hammond president, Louis T. Orr and Perry Ulrich vice presidents, Harold E. Hammond secretary, and J. L. Donahue, treasurer. E. F. Oates of this city is one of the directors of the company.

Seabreeze News
SEABREEZE, Jan. 25.—W. B. Hatch has had a number of pecan trees set on his lot just across the way from his residence property on Halifax avenue, and will experiment in nut growing on the peninsula.
J. A. Coburn, of Coburn's Greater Minstrels, spent Sunday with his family at their pretty new home on Valley street, joining his company Monday at Palatka. On Tuesday night he was at home again, remaining Wednesday and Thursday, while his company played a two-night engagement at the New Daytona theater.
News was received here this week of the death of Mrs. Mansfield, of pneumonia, at the home of her daughter, Mrs. Hunter, in Winchester, Ky. Mrs. Mansfield was owner of the Sunbonnet cottage on Valley street, and with her late husband and daughter, Mrs. G. S. Deatherage, has spent a number of winters in Seabreeze. Mr. and Mrs. Deatherage were expected here last week, but owing to this bereavement may change their plans about coming south. The death of Mrs. Mansfield is greatly regretted by her friends here.
F. R. Laughlin has a force of men at work on the grounds at his new winter home on the corner of Grandview avenue and University boulevard. The yard will be terraced, graded and enclosed, much as Messrs. Uebolzheimer and Woodard's grounds at their winter homes have been improved.
Dr. and Mrs. Walker and Mr. and Mrs. Chas. W. Cook, of Evansville, Ind., relatives and friends of Mr. and Mrs. Laughlin will be here next month to spend six weeks or more with them.
Mrs. Frank Moyers, of Atlanta, Ga., who regularly spends part of the season in Seabreeze, arrived Tuesday from Jacksonville, and is guest at the Mayfield for a month or more. Mrs. Myers stopped in Jacksonville to visit her daughter, Mrs. Colyar, and family, and brought her little granddaughter Ellen Colyar down with her for several days' visit. Mrs. Myers made the trip from Atlanta to Jacksonville in her new Cadillac, which, on account of bad roads, did not bring it further south.
Misses Mary P. Laughlands and Nellie C. Trundy, of Boston, Mass., and Mrs. J. H. Early, of Cleveland, Ohio, are guests at the Geneva.
By the conditions of the gas and water franchises, which passed on the third readings before the Seabreeze and Daytona Beach city councils Friday and Saturday nights, the Schantz company are to notify the councils of their acceptance within thirty days. Work is to begin on or before the first day of April, 1913, and the plant is to be in first class working order by or before April 1st, 1914.

down from Jacksonville by automo-

were obliged to fairly shove the
car out of the mire, but their diffi-
culties in part at least may have
arisen from unfamiliarity with the
road, as it was their first trip over it.

GOVERNMENT SCORES VICTORY
IN TRIAL OF THE PACKERS
PERMITTED TO READ TO THE
JURY WEEKLY MARGIN SUM-
MARIES SHOWING THE COST
OF BEEF.
CHICAGO, Jan. 26—The govern-
ment scored an important victory to-
day in the trial of the ten million-
aire packers, when Judge Carpenter
permitted the reading to the jury
as evidence the contents of 35
weekly summaries showing the cost
of beef. The packers' attorneys
fought desperately to keep the mar-
gin sheets from the records of the
trials.

MUCH FOR AMUSEMENT
IN THE BLUE MOUSE.
It is seldom a farce creates the
attention that has been to the lot
of Clyde Fitch's play, "The Blue
Mouse." It is an adaptation from
the German and is by the same au-
thor who wrote "Girls." Unlike the
average farce that has gone before,
an unusually large cast is required
to present the piece. The story of
the play centers around the doings
of a promoter. The "trick" is
turned. Naturally, many amusing
and unlooked for complications arise,
which requires three acts to un-
tangle. "The Blue Mouse" will be
seen at the New Daytona theater
theater this coming Saturday night.
